

Shadowline Diffuser

expella™

Concealed ceiling grille

1SLD1200A

An internal ceiling grille that allows air to be channelled through the ventilation system. This product is designed to be discreet – almost invisible, sitting in the shadow line of a ceiling or at the wall / ceiling junction.

Manufacturer:

expella™

Warranty:

5 years

Features and Benefits:

- The product has a modular design so that the unit can be extended to any length to suit any wall size
- Maintains the aesthetic quality of modern interior design by being almost invisible – sitting at the junction of a wall and ceiling
- Easy to install, no maintenance

Materials:

Galvanised sheet metal with powdercoat finish

Applications and Installation:

- To be used in conjunction with an inline fan such as the EMF150 (recommended) and ducting.
- Suitable for interior applications including:
 - Bathrooms
 - Laundries
 - General kitchen ventilation
- Can be installed by a home handyman or industry professional (electrician or air-conditioning installer)

Australian Design No 202014240

Shadowline Diffuser

Concealed ceiling grille
